A PICTORIAL RECORD OF
STUDENT LIFE PUBLISHED
BY THE GRADUATING CLASS
OF THE UNIVERSITY HIGH SCHOOL
UNIVERSITY OF MINNESOTA

Dedication

The editorial staff dedicates the 1940 edition of the Bisbila to the University High School football team, which last fall won the Lake District Football Championship. By defeating their opponents in seven straight games, the 1939 Little Gopher eleven set an unprecedented record in University High School's gridiron history.

Faculty

Within the last year, U. High has lost several of its most prominent faculty members. These teachers have left our school to fill positions in colleges and universities throughout the country and, for the most part, have received substantial promotions.

Miss Dorothy Bovee, a member of the History Department, for the past eight years, left to assume a position at Purdue University. Mr. Walter Loban, formerly of the English Department, resigned in order to complete work for his doctorate, and he is now teaching in the College of Education at the University of Minnesota. The Personnel Office was vacated by Mr. Waldemar Hagen during the fall quarter, who left U. High to become a member of the Grinnell College faculty. Miss Gladys Babcock, the head of the Home Economics Department for the past two years, travelled to the University of Illinois to fill a position there.

Members of the faculty who were not present when these pictures were taken are Mr. Raymond Kehl of the English Department; Miss Lucy Will, German; Miss Constance Bovim, Physical Education; Mr. J. Clark Rhodes, Music; Mr. Luroy Krumweide, Band; Miss Frances Obst, Art (on leave of absence); Mr. Hugh M. Shafer, Personnel; Miss Mellie Palmer, School Nurse; Mr. David Bartelma, Physical Education.

Hendrickson, Home Economics; Tracy, Art; Marlowe, Latin; Handlan, English; Micheels, Industrial Arts; Voelker, English; Day, English; M. J. Walker, French; MacFaddon, French; Vaurio, Science.

The Beginning of the End

It all began when you were five — this education whirl
Before you could catch your breath, they sent you off to school:
First kindergarten, then grade school, next came Junior High
And last of all but never less — your days at dear U. High —
Where math and English, history too, became your knowledge wide,
You had much fun, you made fast friends, you studied on the side
And ne'er forget that daily rush, that daily noon yard dash
Our winning team, those pep tests, and being late to class
Recall those many dreaded hours when grades were given out
And if, by chance, you got all "A's" how you would laugh and shout.
Twas all grand fun — the very best — you'd never find the like
You'll ne'er forget those glorious days when you went to old U. High
Back in seventh grade your worries were but few
Physics, French and Chemistry had yet to bother you.
Seventh grade the print does read, but time has altered that
This Senior Class of Forty are Seventh Graders of the past
Time marched on as did this class — no longer did we wait
The small mischievous class of yore, the group they used to be.
They are smart and clever, a perfect class — no better could be found
They've studied hard and as reward their knowledge knows no bound.

Seventh Grade

The first year at University High School was a very successful one for the members of the Class of 1946. Patty Kelley was elected president. The class officers were Tim Parrish, Secretary, John Pierce, Vice President, and Warren Conkey, Treasurer. Many other students were also elected to various positions.

Seventh grade members managed a very successful homecoming dance at the carnival and furnished a real fine Pony Express meal and service for the homecoming event. The class is looking forward with great enthusiasm to the rest of the homecoming day.

French Club

In 1937 the French Club was organized. The club's purpose is to give members an opportunity to study French and to give them a chance to meet and get to know other students who are interested in the language. The club is open to all students who are invited to be members. The club meets every Tuesday afternoon in the lower hall to increase the study of French.

The club was organized by Miss Mary Jo Walker, who has been very active in the club's activities. The club has been very successful in its first year, and it is expected that it will continue to grow in the future. At Christmas time members were joyfully entertained at the annual Christmas party. The club was able to give a very successful performance.

Two meetings were held each month with interesting talks given by visiting speakers as well as by student members.

Miss Mary Jo Walker was elected president of the club. The officers elected by the group were as follows: President, Gave; Vice President, P. Piccard; Secretary, Marjorie Coddon; Treasurer, M. Gosh; and Chairman, P. Shaw. The French Club hopes it will continue to grow and that it will have proved to be for the club has gained much from its first year.

A second, more detailed, analysis of the data was conducted to determine the effect of the number of trials on the number of correct responses. The results of this analysis are shown in Figure 2. The number of correct responses increased with the number of trials, and the rate of increase was highest for the first trial. The number of correct responses was highest for the first trial, and the rate of increase was highest for the first trial.

Football

When a team finishes a seven game season without a defeat and with only 13 points scored against them, they indeed have accomplished a feat. For a team that for years has been in the cellar of Lake Conference play. This was the story of one of the best of University High School team.

Probably the fastest, smartest and hardest hitting team that the Lake Conference has seen in a long while, the Maroon and Gold were unbeaten 7-0 and an unprecedented string of smashing, dazzling victories. Captained by Warren Briggs and Bob Hubbell, the team went on to win over Murray High of St. Paul, Hopkins, St. Louis Park, Excelsior, Robbinsdale, Wayzata and Mound.

As far as all-conference players are concerned, the University High team easily dominated the choices. Dick Reed, a transfer student from St. Waterloo, played for five years of football at U. High was given the quarterback position on the mythical team. Bob Cummins, fullback and veteran of two years, was the only player named to the first team. Warren Briggs, captain and spark plug of the hammering team, was a strong choice for the all-conference.

On the alternate all-conference team Paul Coates, speedy winger and fifty runner was named left halfback. Fred Collatz, mauling nose and all-around player, was the right halfback position. Ed Kaufer, a hard hitting center, was named to the right end position.

UNIVERSITY HIGH 7, ROBBINSDALE 0

The first conference game was played when the Little Gopher met Robbinsdale on September 22. Robbinsdale new to the Lake Conference this year put up a tough battle and for three quarters held the future champions scoreless. But the Maroon and God team could not be stopped and in the last period started a drive from the U. High ten yard line which terminated only when Paul Coates kicked across the goal line from the Robbins' twenty-yard line. Dick Reed's perfect marksmanship with the place kick scored the extra point.

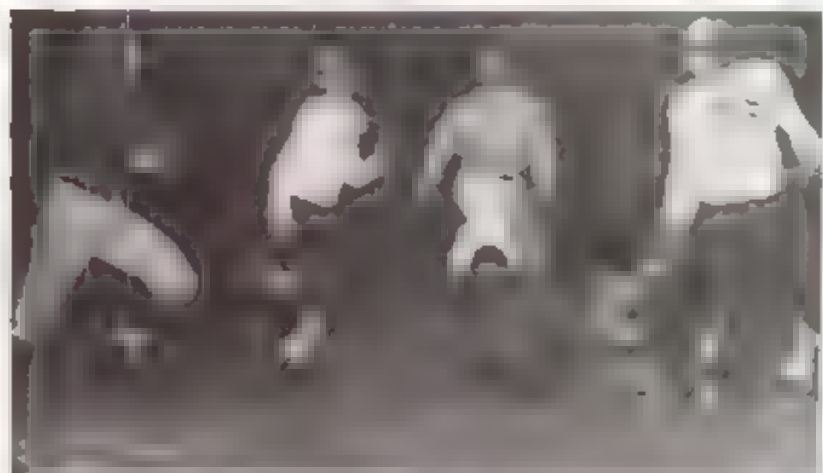

The Maroon and God team easily outplayed their opponent during the first downs while limiting the Robbinsdale team to only six. The game was highlighted by the dazzling sprints of Clarence Buckley, Robbins' ace. Many a qualm was felt by the Little Gophers when this fleet-footed halfback was given the ball.

Besides Coates and Reed on the Maroon and God lineup, Buzz Cummins, shifted to fullback after Hubbell's absence and Ed Kaufer stood out. Cummins' driving punge and Ed Kaufer's steady defense play were a large asset in the first conference victory.

UNIVERSITY HIGH 25, EXCELSIOR 6

University High easily obtained the first conference championship when they defeated a highly rated Excelsior team 25-6 on September 29. The game was played under the stars on the Hopkins field.

The Little Gopher wasted little time in ending the Excelsior drive when Fred Curtis' 42 yard punt strike smash went fifteen yards for the first score. However the lead was short-lived for a few minutes later Fritz Janoppe's 45 yard punt strike smashed fifty yards for a touchdown.

In the second period the Maroon and God warriors opened a long and drive which was capped by a 45 yard punt strike by Buzz Cummins.

Paul Coates' 45 yard punt strike was the only one when he kicked across the goal line from the Excelsior ten yard line.

Early in the third quarter the Little Gopher unfurled the passing attack in the form of a 20 yard aerial bombardment from Fred Curtis to Dick Reed which resulted in a touchdown. Reed's conversion was good and the Curtismen went into the third a 25-6 winner.

UNIVERSITY HIGH 7, HOPKINS 0

On Friday October 6 the University High gridder did not work. The third game had failed to be done. They defeated Hopkins. At their home field the Hopkin team met a determined University High team which annihilated them in four periods and demolished the visitors 17-0.

The game had been under way for a few minutes when Paul Coates threw a twenty yard pass to Jim Pamer who scored the first. The Hopkin twenty five yard mark. On the next pass, Fred Curtis' 42 yard reverse from the line and a 45 yard punt strike from the ten yard line put the Little Gopher in the lead. But Cummins' 45 yard punt strike from the ten yard line put the Little Gopher in the lead. But Cummins' 45 yard punt strike from the ten yard line put the Little Gopher in the lead.

Basketball

Although the year 1934-35 was a rather tough one for the high school basketball team, it was a team that was hard to beat and always provided spectators with a good game. The team started the season with a loss but turned the season around and if it had not been for a few losses, the team would have been the champion.

As in previous years, the team was under the leadership of Mr. Helgeson and was coached by Mr. Curtis. However, the team that sparked at the beginning of the season was the team that was well equipped with many players but they were erratic and after a mid-season slump they fell into a heavy slump.

The Curtismen were led by a forward, Paul Reed, who played in the front line and was especially effective in the key position. The team was made up of four forwards, two guards, and one center. Dick Reed, center, was the team's leading scorer and was a very effective player.

Swimming

Although the Little Gopher Swimmers did not win but one meet all season, this year's team was possibly the best all-around team in years. Two University High records were set this year. John Merrill blasted his own 100 yard back stroke mark when he hung up the time of 1:09.5 in the Washburn meet. Don Fraser, transferring his talents to the 220 yard free style, smashed Captain Saunders' record of 2:42.1 made last year, when he splashed across the line in 2:33 in the Marshall meet. Fraser, possibly the second fastest 220 swimmer in the state, was forced out of the State Meet because of a severe cold; however, the team is pinning its hopes on him to come through next year and thus be the first University High swimmer to qualify for that meet since Bill Peck did so in 1934. The highlight of the season was the Little Gopher's defeat of Baker at the Minneapolis City League. This was the only meet all season in which the Mermen were at full strength. Another high point of the year was their near upset of Marshall. Marshall opened their season in this place in the Minneapolis City League and faced the Little Gophers with the odds heavily in their favor. They were certainly surprised when they

discovered University High swimmers defeating them in nearly every event. However the Little Gopher's weakness in the relay gave Marshall the edge by three points. In the Cretin Meet University High was heavily favored to win, and they would have had a false start in the Medley Relay caused the disqualification of the Little Gopher team, after they had easily won the event.

As far as next year's team is concerned, the Little Gophers should have an exceptional team, as only two lettermen, Bob Merrill and Barney Saunders, will be lost to the squad through graduation.

Varsity Golf

In their first few matches, the University High golfers did not exhibit their previous championship talent and were consequently badly defeated by both Bake and St. Thomas. However the potential ability is there and if the boys find themselves by the time of the District Meet, they may carry home the trophy for the third straight year.

The golfers who took part in the majority of the competitive matches were Bill Parrish, Eugene Engelbert, John Donovan, Joe Dobson, and Howard Johnson. Other members of the divot squad included Ed Briggs, Paul Coates, John Amberg, Grant Rhodes, and Fred Collatz. The team was directed and coached by Dr. Carson who was ably assisted by the head caddy and waterboy, Buzz Cummins.

Junior High Football

Again this year the Junior High boys engaged in inter-squad six man games. For the third year these boys enjoyed this new type of football that is sweeping the smaller schools. The boys divided into two squads, the Panthers, led by Jim Bray and the Lions, led by Eddie Briggs.

In the first two of three Friday afternoon games, the teams were virtually even; however in the last game, Bray's Lions galloped to a 20-0 win over their Panther opponents.

Coach Donald Castieberry promises a continuation of the six-man sport again next year with a possibility of playing other schools.

Girls' Physical Education

Senior high school girls were not required to take Physical Education this year. These classes, however, were optional to any girl in the tenth, eleventh, or twelfth grades. Each week the younger students were expected to attend classes in basketball, swimming, badminton, or folk dancing.

During winter quarter two basketball classes, meeting on alternate days, were held. The seventh grade girls joined the beginners class in which fundamentals were stressed. Reviewing the first years work and learning more advanced plays occupied the eighth grade class; however, in the third group, the ninth grade section, actual games were played with advanced material also being taught.

Using both the large and small pools, swimming classes proved popular. One class open only to freshmen was held in the large pool, while the other was held in the small pool. Both were taught by Miss Constance Bovim, Physical Education Instructor in charge of U. High girls. The other group, also supervised by Miss Bovim, was purely recreational. It was open to both junior and senior high girls.

Badminton was popular and well received the past year during the spring quarter. These activities were supplemented by a folk dancing class which was conducted by the Girls U. Club. Fairview Ranch was the scene of this group's activities.

The entire program was planned mainly for junior high students. For the majority of interested senior high girls the Girls U. Club offered varied activities.

Boys' Physical Education

Under the direction of Mr. Dave Bartelma, the new physical education head, this year's boys' gym program was broadened to include a greater variety of activities. All the junior and senior high boys with the exception of the seniors participated in the intra-mural athletics.

In the fall quarter the emphasis was placed on the fundamentals of basketball, volleyball, and tennis. In the winter quarter the boys were not playing nearly so much in the gymnasium as they were in the fall. The junior high boys learned valuable experience in fundamentals which will benefit them on the varsity squad in later years.

The stadium, Cooke Hall, and the field house provided such sports as handball, badminton, and basketball during the winter quarter. After their instruction had taught them the necessary and helpful fundamentals, the boys were allowed to engage in active games with fellow classmates.

Spring quarter again provided opportunity for many phases of intra mural sports. With eyes toward future varsity runners, Mr. Bartelma planned many classes for the sole purpose of giving boys instruction in track work. From games and other physical activities, they gained more extensive experience in track. Kickboxing, canoeing, and other sports were also offered during the quarter, and all enjoyed them.

Because only the grades through the sophomore class will be required to take physical education next year, it will be possible for the department to focus even more attention on underclassmen and to present an even more interesting intra-mural sports program.

Declaration of Independence

When in the course of high school events it becomes necessary for members of one class to dissolve the scholastic bonds which have connected them with this institution, and to enter, out of the kindness of the faculty's hearts, the various and sundry colleges which a confidential letter to the president and the good and able president of the college has secured for them, the members of said class, in accordance with the wishes of their parents requires that they should declare the causes which impel them to the separation.

We hold these truths to be self evident: That all flunks are created equal; that they are endowed by their Creator with certain unalienable rights, that among these are life, liberty, and the pursuit of F's; that the accumulation of F's with in and the pursuit of major programs. Pursuing a course which states that student body flunks will not be passed for light and transient causes. But when a whole series of F's and I's store them in the face of their right and duty to work their duty to the world, they have the right to alter and better their lot. For better and better purposes. Such has been the course of endeavor of the class of '40 and now arises the necessity, which compels them to give their immediate resignation to U. High. The history of the present class of U. High has been a history of repeated advice and warning to promote the eventual graduation of said class. To prove this, let facts be submitted to a candid world. They have:

1. Erected a new detention hall and sent hither swarms of officers to harass our members and cut short our lunch periods.
2. Quartered large bodies of teachers among us.
3. Imposed "at the end of the hour" slips on us without our consent.
4. Deprived us in many cases of the benefits of alibis, good excuses, and the use of soft soap.
5. Kept us out of upper halls, unexpectedly locked our lockers, and peered into our occupied cars.
6. Pounced on our fellow classmates, shanghaied victims in the lower hall to serve terms in detention or made them hike back to their classes.

In every stage of their oppressions we have petitioned for redress in the most humble terms. Our repeated petitions have been answered only by repeated late slips—unexcused.

We therefore the class of '40 do hereby, mutually agree to sign the following, and do hereby publish and declare that we will cram and hope to be free and independent students; that we are absolved from all allegiance to the task masters of the school; that the relation which has heretofore existed between us and said task masters are, and of right ought to be, totally dissolved; and that we free and independent guinea pigs have full power to pursue matrimony, use tobacco, skip all U. High classes, eat good fish, and, in short, do all obstreperous things which free and independent guinea pigs of right do. For the support of our declaration, with a firm reliance on the protection of the proverbial apple we mutually pledge to the Class of '41 our old marks, our old papers, and our old professors.
